Open Educational Resources

English

DEI

All Disciplines

Summary: FORRT provides a pedagogical infrastructure and open educational resources designed to support the teaching and mentoring of open and reproducible science. FORRT strives to (a) raise awareness of the pedagogical implications of open and reproducible science and its associated challenges (i.e., curricular reform, epistemological uncertainty, methods of education); (b) Lore ipsum....

Mission: Lore Ipsum.....

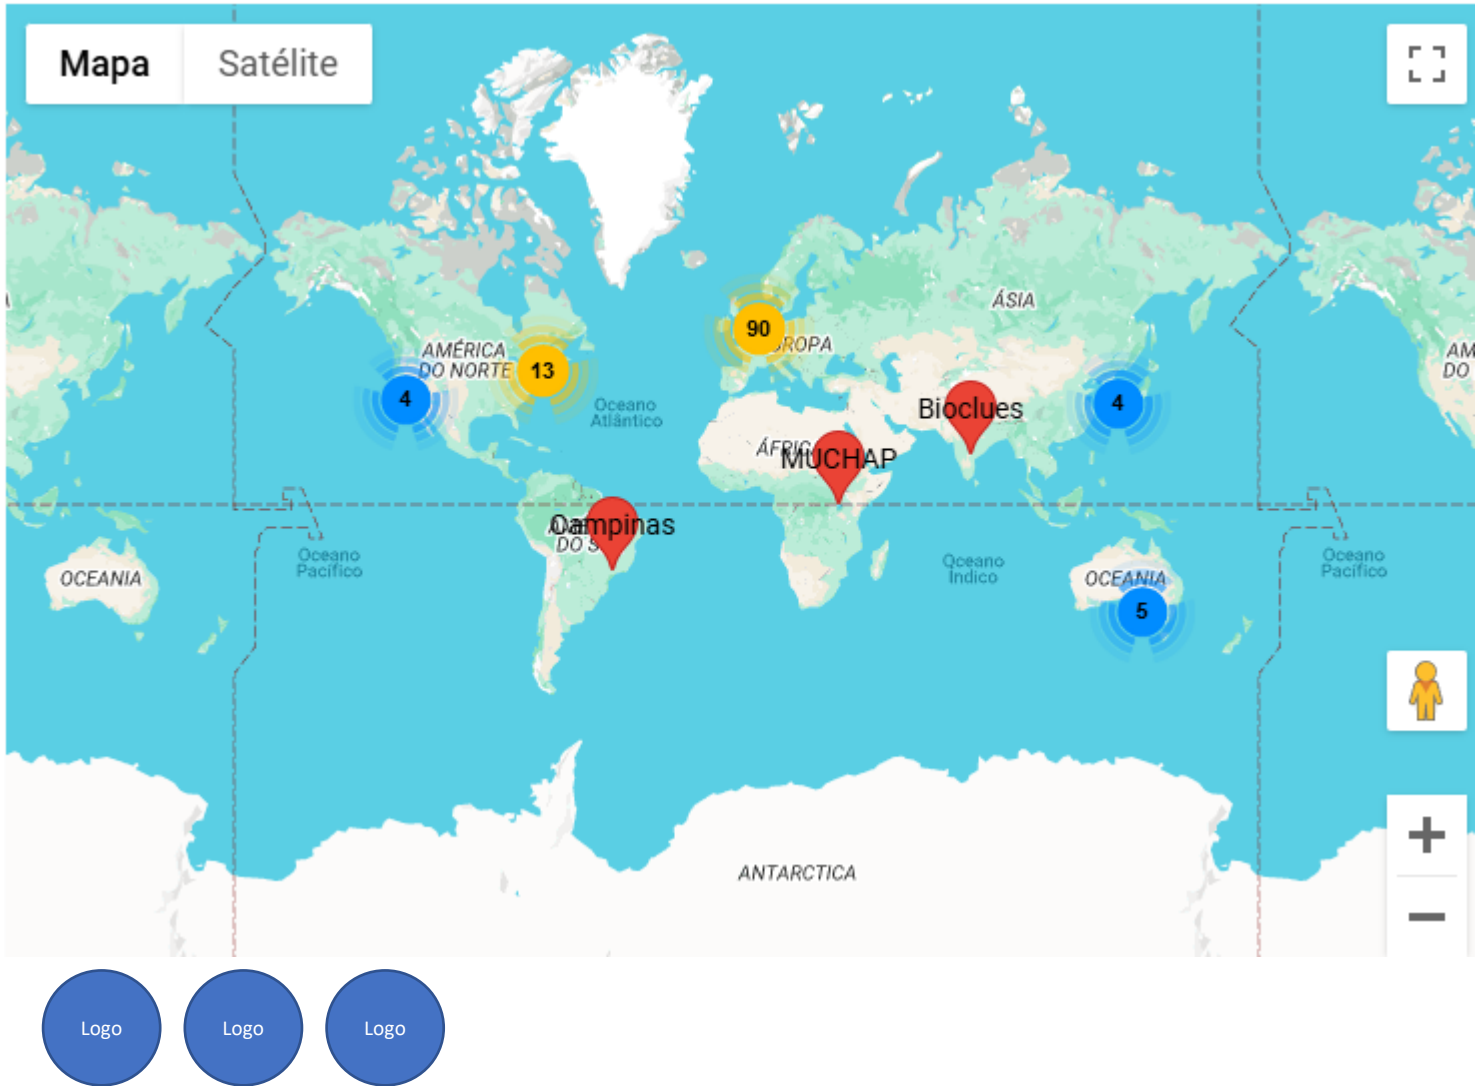

DEI Statement:

Contact Information:

Related Initiatives:

Neurodiversity : Discussing how open scholarship can be used to support the neurodiversity movement and enhance connections between open scholarship and neurodiversity; and how neurodiversity and open scholarship can intersect to make higher education more inclusive and accessible. ([link](#))

Equity in Open Scholarship: lore ipsum...
